

STUDYHUB
CLASS 12 – MP BOARD
GEOGRAPHY — SET 2
ORIGINAL SAMPLE QUESTION PAPER

Time: 3 Hours
Maximum Marks: 80
English Medium | Set 2

"Note: This is an original StudyHub practice paper based on the MPBSE syllabus and examination pattern. It is not an official MPBSE paper."

GENERAL INSTRUCTIONS

1. All questions are compulsory.
2. Questions 1 to 5 are objective-type questions.
3. Questions 6 to 15 carry 2 marks each.
4. Questions 16 to 19 carry 3 marks each.
5. Questions 20 to 23 carry 4 marks each.
6. Internal choices are provided from Question 6 to Question 23.
7. Draw maps and diagrams wherever required.
8. Write answers clearly and precisely.

SECTION – A
OBJECTIVE TYPE QUESTIONS

Q.1 Choose the correct option. 1×6=6

(a) Which of the following is a secondary activity?

- A. Fishing
- B. Mining
- C. Manufacturing
- D. Forestry

(b) The demographic transition from high birth and death rates to low birth and death rates is associated with:

- A. Population transition
- B. Agricultural transition
- C. Industrial transition
- D. Urban transition

(c) Which soil is most suitable for cotton cultivation?

- A. Alluvial soil
- B. Black soil
- C. Laterite soil
- D. Mountain soil

(d) Which mineral is mainly used in the production of aluminium?

- A. Manganese
- B. Bauxite

C. Limestone

D. Mica

(e) Which mode of transport is particularly suitable for carrying liquids and gases over long distances?

A. Airways

B. Pipelines

C. Railways

D. Roadways

(f) Which one of the following is a major IT centre of India?

A. Bengaluru

B. Amritsar

C. Patna

D. Shimla

Q.2 Fill in the blanks. 1×6=6

(a) The study of population is known as _____.

(b) The number of live births per thousand population in a year is called _____ rate.

(c) _____ soil is also known as regur soil.

(d) Petroleum is often called _____ gold.

(e) The movement of goods and people from one place to another is called _____.

Q.3 Write True or False. 1×6=6

(a) Population growth depends only on birth rate.

(b) Literacy is an important indicator of human development.

(c) Black soil has high moisture-retaining capacity.

(d) Petroleum is a renewable source of energy.

(e) Pipelines can transport petroleum and natural gas.

(f) International trade connects the economies of different countries.

Q.4 Match Column A with Column B. 1×7=7

Column A	Column B
(i) Black Soil	(a) Cotton
(ii) Bauxite	(b) Aluminium
(iii) Petroleum	(c) Liquid fuel
(iv) Pipeline	(d) Transport of fluids
(v) Bengaluru	(e) IT industry
(vi) Literacy	(f) Human development indicator
(vii) International Trade	(g) Exchange between countries

Q.5 Answer in one word/one sentence. 1×7=7

(a) What is demographic transition?

- (b) What is birth rate?
- (c) Name the soil best suited for cotton cultivation.
- (d) Name one important petroleum-producing region of India.
- (e) What is a pipeline?
- (f) What is literacy rate?
- (g) Name one major software technology centre of India.

SECTION – B

SHORT ANSWER QUESTIONS

Q.6 What is demographic cycle? Mention one stage of it.

OR

What is population growth? State one cause of population growth.

Q.7 Define literacy rate. Why is literacy important for development?

OR

Differentiate between sex ratio and literacy rate.

Q.8 What is meant by occupational structure?

OR

Mention any two factors affecting the occupational structure of a region.

Q.9 What is human development? Mention any two dimensions of human development.

OR

What is the Human Development Index?

Q.10 What is commercial agriculture? Give two examples.

OR

What is plantation agriculture? Mention two plantation crops.

Q.11 What is mineral conservation? Why is it necessary?

OR

Name any two non-metallic minerals and state one use of each.

Q.12 What is conventional energy? Give two examples.

OR

Differentiate between conventional and non-conventional sources of energy.

Q.13 What is meant by industrialisation?

OR

Mention any two factors affecting the location of industries.

Q.14 What is a rural settlement? Mention one characteristic.

OR

Differentiate between rural and urban settlements.

Q.15 What is meant by balance of trade?

OR

State any two advantages of international trade.

SECTION – C SHORT ANSWER QUESTIONS

Q.16 Explain any three factors responsible for population change.

OR

Explain any three characteristics of India's population distribution.

Q.17 Explain any three features of plantation agriculture.

OR

Explain any three problems faced by Indian farmers.

Q.18 Explain any three advantages of pipeline transport.

OR

Explain any three factors affecting the development of transport networks.

Q.19 Explain any three characteristics of urban settlements.

OR

Explain any three causes of rapid urban growth in India.

SECTION – D LONG ANSWER QUESTIONS

Q.20 Explain the major components of population change:

1. Birth rate
2. Death rate
3. Migration
4. Population growth

OR

Explain the major characteristics of India's population with reference to distribution, density, growth and composition.

Q.21 Explain the major mineral and energy resources of India under the following headings:

1. Coal
2. Petroleum
3. Natural gas
4. Renewable energy

OR

Explain the importance of non-conventional sources of energy and discuss their advantages.

Q.22 Explain the major types of rural settlements and the factors affecting their location.

OR

Explain the major characteristics and problems of urban settlements in India.

Q.23 Explain the major factors affecting international trade and discuss its importance to India's economy.

OR

Explain the major characteristics of India's international trade.

MARKS VERIFICATION

Questions	Marks
Q.1	6
Q.2	6
Q.3	6
Q.4	7
Q.5	7
Q.6–Q.15	20
Q.16–Q.19	12
Q.20–Q.23	16
TOTAL	80

6 + 6 + 6 + 7 + 7 + 20 + 12 + 16 = 80 Marks

SHORT ANSWER KEY

Q.1: C, A, B, B, B, A

Q.2: Demography; birth; black; liquid; transport; international

Q.3: False, True, True, False, True, True

Q.4:

- (i)–(a)
- (ii)–(b)
- (iii)–(c)
- (iv)–(d)
- (v)–(e)
- (vi)–(f)
- (vii)–(g)

Q.5:

- (i) Process of population change from high birth/death rates to low birth/death rates
- (ii) Number of live births per 1,000 population in a year
- (iii) Black soil
- (iv) Mumbai High
- (v) A transport system using pipes to carry liquids/gases
- (vi) Percentage of literate people in the population
- (vii) Bengaluru

Note: Descriptive answers may be written in equivalent correct wording and should be evaluated on the basis of relevant points.
